Align Technology Announces First Quarter 2015 Results

SAN JOSE, CA -- (Marketwired) -- 04/23/15 -- Align Technology (NASDAQ: ALGN)

- Q1 revenues of \$198 million, up 10% year-over-year, and diluted EPS of \$0.44
- Q1 worldwide Clear Aligner shipments of 131 thousand cases, up 17% year-over-year, with North America up 12% and International up 29%

Align Technology, Inc. (NASDAQ: ALGN) today reported financial results for the first quarter ended March 31, 2015. Revenues for the first quarter of 2015 (Q1'15) were \$198.1 million, a 9.7% increase year-over-year from \$180.6 million in the first quarter of 2014 (Q1'14). Clear Aligner case shipments in Q1'15 were 130.8 thousand, a 16.6% increase year-over-year from 112.2 thousand in Q1'14. Net profit for Q1'15 was \$36.2 million, or \$0.44 per diluted share, compared to \$32.4 million, or \$0.39 per diluted share in Q1'14. Q1'15 operating income included a one-time benefit of \$6.8 million from a refund of Medical Device Excise Taxes paid in 2013, contributing \$0.06 per diluted share, net of tax.

"Our first quarter was a bit stronger than we expected, getting us off to a good start to the year. This progress was driven by continued strong year-over-year growth from our International team and solid improvement in our North American business as well," said Thomas M. Prescott, Align president and CEO. "We are pleased to have delivered better than expected results with strong revenues, margins, and EPS, driven primarily by higher Invisalign volume from our North American orthodontists."

Forward-Looking Statement

This news release, including the tables below, contains forward-looking statements, including statements regarding certain business metrics for the second quarter of 2015, including, but not limited to, anticipated net revenues, gross margin, operating expenses, operating profit, diluted earnings per share, case shipments, and additional common stock repurchases. Forwardlooking statements contained in this news release and the tables below relating to expectations about future events or results are based upon information available to Align as of the date hereof. Readers are cautioned that these forward-looking statements are only predictions and are subject to risks, uncertainties and assumptions that are difficult to predict. As a result, actual results may differ materially and adversely from those expressed in any forward-looking statement. Factors that might cause such a difference include, but are not limited to, difficulties predicting customer and consumer purchasing behavior, the willingness and ability of our customers to maintain and/or increase product utilization in sufficient numbers, the possibility that the development and release of new products does not proceed in accordance with the anticipated timeline, the possibility that the market for the sale of these new products may not develop as expected, the risks relating to Align's ability to sustain or increase profitability or revenue growth in future periods while controlling expenses, growth related risks, including capacity constraints and pressure on our internal systems and personnel, our ability to successfully achieve the anticipated benefits from the scanner and services business, continued customer demand for our existing and new products, changes in consumer spending habits as a result of, among other things, prevailing economic conditions, levels of employment, salaries and wages and consumer confidence, the timing of case submissions from our doctors within a quarter, acceptance of our products by consumers and dental professionals, foreign operational, political and other risks relating to Align's international manufacturing operations, Align's ability to protect its intellectual property rights, continued compliance with regulatory requirements, competition from existing and new competitors, Align's ability to develop and successfully introduce new products and product enhancements and the loss of key personnel. These and other risks are detailed from time to time in Align's periodic reports filed with the Securities and Exchange Commission, including, but not limited to, its Annual Report on Form 10-K for the year ended December 31, 2014, which was filed with the Securities and Exchange Commission on February 26, 2015, Align undertakes no obligation to revise or update publicly any forward-looking statements for any reason.
