

Align Technology Names Sunny Azadeh as CIO

SANTA CLARA, Calif., Oct 10, 2007 /PRNewswire-FirstCall via COMTEX News Network/ -- Align Technology, Inc. (Nasdaq: ALGN), today announced that it has hired Sunny Azadeh as Vice President of Information Technology and Chief Information Officer, effective immediately. Ms. Azadeh will report directly to Align President and Chief Executive Officer, Thomas M. Prescott.

"We are delighted to have Sunny lead our information technology teams in developing and supporting the future growth of the company," said Thomas M. Prescott, President and CEO for Align. "Her knowledge and expertise in systems and software applications will be a great asset as Align continues to scale its business."

Ms. Azadeh joins Align having previously served as senior vice president of Information Technology and CIO for Agile Software Corporation. Prior to Agile, Ms. Azadeh was CIO for ZILOG, Inc. Ms. Azadeh has a bachelor's degree in computer science engineering from San Jose State University.

About Align Technology, Inc.

Align Technology designs, manufactures and markets Invisalign, a proprietary method for treating malocclusion, or the misalignment of teeth. Invisalign corrects malocclusion using a series of clear, nearly invisible, removable appliances that gently move teeth to a desired final position. Because it does not rely on the use of metal or ceramic brackets and wires, Invisalign significantly reduces the aesthetic and other limitations associated with braces. Invisalign is appropriate for treating adults and older teens. Align Technology was founded in March 1997 and received FDA clearance to market Invisalign in 1998.

To learn more about Invisalign or to find a certified Invisalign doctor in your area, please visit <http://www.invisalign.com> or call 1-800-INVISIBLE.
