

Align Technology to Present at the 17th Annual Piper Jaffray Healthcare Conference

SANTA CLARA, Calif., Jan. 20 /PRNewswire-FirstCall/ -- Align Technology, Inc. (Nasdaq: ALGN), the inventor of Invisalign[®], a proprietary method of straightening teeth without wires and brackets, announced today that it will present at the 17th Annual Piper Jaffray Healthcare Conference being held at The Pierre Hotel in New York from January 25 - 27, 2005. Thomas M. Prescott, Align's president and chief executive officer, will present on Thursday, January 27, at 10:30 a.m. EST / 7:30 a.m. PST.

The presentation will be webcast live and available for replay via the following link: <http://www.piperjaffray.com/hcwebcast> .

The webcast will also be available on the Investor Relations/presentations page of the Company's website, http://www.aligntech.com/generalapp/us/en/corporate/investor_frameset.jsp .

An archived replay will remain on the web site for one month.

About Align Technology, Inc.

Align Technology designs, manufactures and markets Invisalign, a proprietary new method for treating malocclusion, or the misalignment of teeth. Invisalign corrects malocclusion using a series of clear, nearly invisible, removable appliances that gently move teeth to a desired final position. Because it does not rely on the use of metal or ceramic brackets and wires, Invisalign significantly reduces the aesthetic and other limitations associated with braces. Invisalign is appropriate for treating adults and older teens. Align Technology was founded in March 1997 and received FDA clearance to market Invisalign in 1998.

To learn more about Invisalign or to find a certified Invisalign doctor, please visit www.invisalign.com or call 800-INVISIBLE.
