ALIGN TECHNOLOGY, INC.

**PROXY STATEMENT FOR THE
2003 ANNUAL MEETING OF STOCKHOLDERS**

GENERAL INFORMATION

The Board of Directors of Align Technology, Inc., a Delaware corporation, is soliciting the enclosed proxy from you. The proxy will be used at our 2003 Annual Meeting of Stockholders to be held at 2:00 p.m. Pacific Daylight Time on Thursday, May 15, 2003, at our executive offices located at 881 Martin Avenue, Santa Clara, California 95050.

This proxy statement contains important information regarding our 2003 Annual Meeting of Stockholders. Specifically, it identifies the proposals on which you are being asked to vote, provides information you may find useful in determining how to vote and describes the voting procedures.

We use several abbreviations in this proxy statement. We may refer to our company as "Align". The term "proxy materials" includes this proxy statement, as well as the enclosed proxy card and our Annual Report on Form 10-K for the year ended December 31, 2002.

We are sending the proxy materials on or about April 14, 2003 to all of our stockholders as of the record date, March 18, 2003. Stockholders who owned Align Common Stock at the close of business on March 18, 2003 are entitled to attend and vote at the 2003 Annual Meeting of Stockholders. On the record date, we had approximately 57,785,523 shares of our Common Stock issued and outstanding and 576 record stockholders.

Voting Procedures

As a stockholder, you have the right to vote on certain business matters affecting Align. The two proposals that will be presented at the 2003 Annual Meeting of Stockholders, and upon which you are being asked to vote, are discussed in the sections entitled "Proposal One" and "Proposal Two." Each share of Align Common Stock you own entitles you to one vote. The enclosed proxy card indicates the number of shares you own. You can vote by returning the enclosed proxy card and proxy in the envelope provided or by attending the 2003 Annual Meeting of Stockholders.

Methods of Voting

Voting by Mail. By signing and returning the proxy card according to the enclosed instructions, you are enabling our President and Chief Executive Officer, and our Chief Financial Officer and Vice President of Finance, who are named on the proxy card as "proxies or attorneys-in-fact", to vote your shares at the meeting in the manner you indicate. We encourage you to sign and return the proxy card even if you plan to attend the meeting. In this way, your shares will be voted even if you are unable to attend the meeting.

Your shares will be voted in accordance with the instructions you indicate on the proxy card. If you submit the proxy card but do not indicate your voting instructions, your shares will be voted as follows:

- FOR the election of the nominees for director identified in Proposal One; and
- FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent accountants for the fiscal year ending December 31, 2003.

[Table of Contents](#)

You may receive an additional copy of Align's Annual Report on Form 10-K for fiscal 2002 without charge or a copy of the exhibits to Align's Annual Report on Form 10-K for fiscal 2002 for a reasonable fee by sending a written request to Align Technology, Inc., 881 Martin Avenue, Santa Clara, California 95050, Attn: Barbara Domingo, Investor Relations or by sending an email to bdomingo@aligntech.com.

Voting in Person at the Meeting. If you plan to attend the 2003 Annual Meeting of Stockholders and vote in person, we will provide you with a ballot at the meeting. If your shares are registered directly in your name, you are considered the stockholder of record and you have the right to vote in person at the meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in your name, but if you wish to vote at the meeting you will need to bring a legal proxy from your broker or other nominee authorizing you to vote these shares.

Revoking Your Proxy

You may revoke your proxy at any time before it is voted at the 2003 Annual Meeting of Stockholders. In order to do this, you may either:

- sign and return another proxy bearing a later date before the beginning of the 2003 Annual Meeting of Stockholders;
- provide written notice of the revocation to Eldon M. Bullington, our Chief Financial Officer and Vice President of Finance, prior to the time we take the vote at the 2003 Annual Meeting of Stockholders; or
- attend the 2003 Annual Meeting of Stockholders and vote in person.

Quorum Requirement

A quorum, which is a majority of our outstanding shares of Common Stock as of the record date, must be present or represented in order to hold the meeting and to conduct business. Your shares will be counted as being present at the meeting if you appear in person at the meeting and will be considered as being represented if you submit a properly executed proxy card.

Votes Required for Each Proposal

The vote required and method of calculation for the proposals to be considered at the 2003 Annual Meeting of Stockholders are as follows:

Proposal One—Election of Directors. The six (6) director nominees receiving the highest number of votes, in person or by proxy, will be elected as directors.

Proposal Two—Ratification of PricewaterhouseCoopers LLP as Independent Accountants. Ratification of PricewaterhouseCoopers LLP as our independent accountants for the fiscal year ending December 31, 2003 will require the affirmative vote of a majority of the shares present, represented and voting at the 2003 Annual Meeting of Stockholders.

You may vote either "for" or "withhold" your vote for the director nominees. You may vote "for," "against," or "abstain" from voting on the proposal to ratify PricewaterhouseCoopers LLP as our independent accountants.

Abstentions and Broker Non-Votes

If you return a proxy card that indicates an abstention from voting on all matters, the shares represented will be counted as present for the purpose of determining the presence or absence of a quorum. Abstentions will not be counted in the tabulation of the voting results with respect to the election of directors. Abstentions will, however, have the same effect as a vote against the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent accountants.

Under the rules that govern brokers who have record ownership of shares that are held in “street name” for their clients, the beneficial owners of the shares, brokers have discretion to vote these shares on routine matters but not on non-routine matters. If you hold your Align Common Stock through a broker and you have not given voting instructions to the broker, the broker may be prevented from voting shares on non-routine matters, resulting in a broker non-vote. Thus, if you do not otherwise instruct your broker, the broker may turn in a proxy card voting your shares “FOR” routine matters but expressly instructing that the broker is NOT voting on non-routine matters. Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted in the tabulation of the voting results with respect to a particular proposal. See “Vote Required” following each proposal for further information.

Proxy Solicitation Costs

We will bear the entire cost of proxy solicitation, including the preparation, assembly, printing and mailing of the proxy materials. In addition, we may reimburse brokerage firms and other custodians for their reasonable out-of-pocket expenses for forwarding these proxy materials to you. The original solicitation of proxies by mail may be supplemented by solicitation by telephone, telegram and other means by directors, officers and/or employees of Align. We expect EquiServe to tabulate the proxies and act as inspector of the election.

Deadline for Receipt of Stockholder Proposals for 2004 Annual Meeting

As a stockholder, you may be entitled to present proposals for action at a forthcoming meeting if you comply with the requirements of the proxy rules established by the Securities and Exchange Commission. Stockholder proposals that stockholders intend to present at Align’s 2004 Annual Meeting of Stockholders and desire to have included in Align’s proxy materials relating to such meeting must be received by Align no later than December 16, 2003, which is 120 calendar days prior to the anniversary of this year’s Proxy Statement mailing date, and must be in compliance with applicable laws and regulations in order to be considered for possible inclusion in the proxy statement and form of proxy for that meeting.

If you wish to present a proposal at Align’s 2004 Annual Meeting of Stockholders and the proposal is not intended to be included in Align’s proxy statement relating to that meeting, you must give Align advance notice of such proposal in accordance with Align’s Bylaws. Pursuant to Align’s Bylaws, in order for a stockholder proposal to be deemed properly presented under such circumstances, a stockholder must deliver notice of such proposal to Align’s Corporate Secretary at Align’s principal executive offices no earlier than the close of business January 16, 2004 and no later than the close of business on February 15, 2004. However, if the date of the 2004 Annual Meeting of Stockholders is either more than thirty (30) days before or more than seventy (70) days after May 15, 2004, the first anniversary of this year’s annual meeting, stockholders must give Align notice of any stockholder proposals no earlier than the close of business on the one hundred twentieth (120th) day prior to such annual meeting and no later than the close of business on the later of (i) the ninetieth (90th) day prior to the annual meeting and (ii) the close of business on the tenth (10th) day following the day on which Align first publicly announces the date of the meeting. If a stockholder does not provide Align with notice of a stockholder proposal in accordance with the deadlines described above, the stockholder will not be permitted to present the proposal to the stockholders for a vote at the meeting.

[Table of Contents](#)

The SEC rules establish a different deadline with respect to discretionary voting (the “Discretionary Vote Deadline”) for stockholder proposals that are not intended to be included in a company’s proxy statement. The Discretionary Vote Deadline for the 2004 Annual Meeting of Stockholders is February 29, 2004, which is 45 calendar days prior to the anniversary of the mailing date of this Proxy Statement. If a stockholder gives notice of a proposal after the Discretionary Vote Deadline, Align’s proxy holders will be allowed to use their discretionary voting authority to vote against the stockholder proposal when and if the proposal is raised at Align’s 2004 Annual Meeting of Stockholders. Because the stockholder proposal deadline provided for in Align’s Bylaws cannot be determined until Align publicly announces the date for the 2004 Annual Meeting of Stockholders, it is possible that the bylaw deadline may occur after the Discretionary Vote Deadline. In such a case, a stockholder proposal received after the Discretionary Vote Deadline but before the bylaw deadline would be eligible to be presented at the next year’s annual meeting, but Align believes that its proxy holders would be allowed to use the discretionary authority granted by the proxy card to vote against the proposal at the meeting without including any disclosure of the proposal in the proxy statement relating to such meeting.

Other Matters

Other than the proposals listed above, our Board of Directors does not intend to present any other matters to be voted on at the 2003 Annual Meeting of Stockholders. Our Board of Directors is not currently aware of any other matters that will be presented by others for action at the meeting. However, if other matters are properly presented at the 2003 Annual Meeting of Stockholders and you have signed and returned your proxy card, the proxy holders will have discretion to vote your shares on these matters to the extent authorized under the Securities Exchange Act of 1934, as amended.

PROPOSAL ONE
ELECTION OF DIRECTORS

Nominees

A board of six (6) directors is to be elected at the 2003 Annual Meeting of Stockholders. The nominees for election at the 2003 Annual Meeting of Stockholders are: H. Kent Bowen, David E. Collins, Brian Dovey, Joseph Lacob, Thomas M. Prescott and Kelsey Wirth (the "Nominees"). The Nominating and Governance Committee of the Board of Directors selected, and the Board of Directors accepted, the Nominees for election to the Board of Directors. If elected, the Nominees will serve as directors until the 2004 Annual Meeting of Stockholders, and until their successors are duly elected and qualified or until their earlier resignation or removal.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for election of the Nominees. All of the Nominees currently serve as our directors. In the event any of the Nominees is unable or declines to serve as a director at the time of the 2003 Annual Meeting of Stockholders, the proxies will be voted for any nominee who shall be designated by the present Board of Directors to fill the vacancy. We are not aware that any of the Nominees will be unable or will decline to serve as a director. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as to assure the election of the Nominees.

Vote Required

If a quorum is present and voting, the six (6) nominees receiving the highest number of affirmative votes will be elected as a director. Abstentions will be counted as present for the purpose of determining a quorum. Abstentions and broker non-votes will not be counted in the election of directors. If you hold your Align shares through a broker, bank or other nominee and you do not instruct them how to vote on this proposal, your broker may have the authority to vote your shares.

Information Concerning the Nominees

The following table sets forth the name and age of the Nominees, the positions of each with Align and the period during which each has served as our director. Information as to the stock ownership of each of our directors and all of our current executive officers as a group is set forth below under "Principal Stockholders." Director Compensation

In fiscal 2002, we did not compensate any non-employee member of the Board of Directors for their service as a member of the Board of Directors, except through the grant of stock options. Directors who are also employees do not receive additional compensation for serving as directors. In fiscal 2003, Align intends to compensate non-employee Board of Directors members through an annual retainer, plus fees and expenses per meeting attended. The amount of such annual retainer and per meeting fee has not yet been determined.

Under the Automatic Option Grant Program of our 2001 Stock Incentive Plan, which was approved by our Board of Directors and stockholders in January 2001, each non-employee director receives an automatic option grant for 8,000 shares of Common Stock on the date of each annual meeting of stockholders during his or her period of continued service on the Board, provided that the individual has served as a non-employee member of the Board of Directors for at least six months. The shares generally vest upon completion of one year of service on the Board of Directors, measured from the grant date. Each new non-employee member of the Board of Directors will receive, at the time of his or her initial election or appointment to the Board, an automatic option grant for 32,000 shares that will generally vest in four successive equal annual installments over his or her first four years of Board of Directors service. The 2001 Stock Incentive Plan also enables the Board of Directors to make discretionary option grants to non-employee members of the Board of Directors. In connection with its decision to appoint David E. Collins to the Board of Directors on April 1, 2003, the Board of Directors approved a discretionary grant of 43,000 shares to David E. Collins, which together with Mr. Collins' automatic grant for 32,000 shares, resulted in an aggregate of 75,000 option shares.

Each outstanding option under the Automatic Option Grant Program will become fully vested and immediately exercisable upon (i) certain changes in ownership or control of Align or (ii) the death or permanent disability of the Optionee while serving as a member of Align's Board of Directors. Upon the successful completion of a hostile tender offer for more than 50% of our outstanding voting stock, each such option may be surrendered to Align for a cash distribution per surrendered option share in an amount equal to the excess of (a) the tender offer price paid per share of Common Stock over (b) the exercise price payable for such option share.

The 2001 Stock Incentive Plan also contains a director fee option grant program. If we activate this program in the future, each non-employee member of the Board of Directors will have the opportunity to apply all or a portion of any retainer fee otherwise payable in cash to the acquisition of an option with an exercise price below the then fair market value of our shares.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee of the Board of Directors was formed in November 2000, and the current members of the Compensation Committee are Messrs. Bowen and Dovey. None of the members of the Compensation Committee of the Board of Directors was at any time since the formation of Align an officer or employee of Align. No executive officer of Align serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on Align's Board of Directors or Compensation Committee.

PROPOSAL TWO
RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

The Board of Directors, acting upon the recommendation of the Audit Committee, has selected PricewaterhouseCoopers LLP, independent accountants, to audit our financial statements for the fiscal year ending December 31, 2003. We expect that a representative of PricewaterhouseCoopers LLP will be present at the 2003 Annual Meeting of Stockholders, will have the opportunity to make a statement if he or she desires to do so and will be available to answer any appropriate questions.

Vote Required and Board of Directors Recommendation

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent accountants is not required by our bylaws or any other applicable legal requirement. However, the Board of Directors is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board of Directors at its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in our best interests and in the best interests of our stockholders.

The affirmative vote of the holders of a majority of the shares of our Common Stock present or represented and voting at the 2003 Annual Meeting of Stockholders will be required to approve this proposal. The Board of Directors has unanimously approved this proposal and recommends that stockholders vote "FOR" the ratification of the selection of PricewaterhouseCoopers LLP as Align's independent accountants for the fiscal year ending December 31, 2003.

The following table provides information relating to the beneficial ownership of our Common Stock as of March 18, 2003 by:

Option Grants in Fiscal 2002

The following table sets forth information regarding option grants to each of the Named Executive Officers during the fiscal year ended December 31, 2002. No stock appreciation rights were granted to any of the Named Executive Officers during fiscal 2002.

Name	Number or Securities Underlying Options Granted(#)	Percent of Total Options Granted to Employees in 2002	Exercise or Base (\$/SH)	Expiration Date	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term	
					5%	10%
Thomas M Prescott	1,200,000	28.92%	\$ 4.95	3/27/2012	\$ 3,735,634	\$ 9,466,830

David S. Thrower	200,000	4.82	2.35	8/9/2012	295,580	749,059

The actual stock price appreciation over the 10-year option term may not be at the above 5% and 10% assumed annual rates of compounded stock price appreciation or at any other defined level. Unless the market price of Common Stock appreciates over the option term, no value will be realized from the option grant made to the Named Executive Officer.

In fiscal 2002, we granted options to purchase up to a total of 4,149,750 shares to employees, directors and consultants under our 2001 Stock Incentive Plan at exercise prices equal to the fair market value of our Common Stock on the date of grant, as reported by Nasdaq.

Options granted under the Automatic Option Grant Program of the 2001 Stock Incentive Plan and the 1997 Stock Incentive Plan are immediately exercisable in full, but any shares purchased under these options that are not vested are subject to our right to repurchase the shares at the original option exercise price paid per share. In general, this repurchase right lapses as to 25% of the shares after one year of service, and as to the remaining shares, in equal monthly installments over the subsequent, additional three-year period. Options granted become fully vested and exercisable in the event of a merger, consolidation, reorganization or asset sale, unless a successor corporation assumes the options.

In March 2002, Mr. Chishti resigned as Align's Chief Executive Officer. In connection with his resignation, we entered into a Transition, Consulting and Separation Agreement with Mr. Chishti. Pursuant to the Transition, Consulting and Separation Agreement, Mr. Chishti provided CEO transition assistance for six months and is required to provide consulting services for a period of up to four years following the date of his resignation. On February 8, 2002, the Board of Directors granted Mr. Chishti a nonstatutory option to purchase 200,000 shares of our Common Stock. This option will continue to vest on a monthly basis at the rate of one-twelfth of the underlying shares for as long as Mr. Chishti remains a consultant to Align. The option for 100,000 shares at an exercise price of \$15.00 per share that Align granted to Mr. Chishti on January 4, 2001 will also continue to vest for as long as Mr. Chishti remains a consultant to Align. Mr. Chishti resigned from Align's Board of Directors on March 23, 2003. Mr. Chishti's resignation from the Board of Directors does not affect his or Align's rights or obligations under the Transition, Consulting and Separation Agreement or Mr. Chishti's options.

Aggregate Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table provides information relating to the number and value of shares of Common Stock underlying the unexercised options held by each of the Named Executive Officers as of December 31, 2002. In addition, it indicates the number and value of vested and unvested options held by these Named Executive Officers as of December 31, 2002. No stock appreciation rights were exercised during fiscal 2002 and no stock appreciation rights were outstanding as of December 31, 2002.

[Table of Contents](#)

The value of unexercised in-the-money options represents the positive spread between the exercise price of the stock options and the fair market value of our Common Stock as of December 31, 2002, which was \$2.761 per share, multiplied by the number of shares subject to the option.

Name	Shares Acquired on Exercise	Realized Value	Number of Securities Underlying Unexercised Options at December 31, 2002		Value of Unexercised In-the-Money Options at December 31, 2002	
			Exercisable (#)	Unexercisable (#)	Exercisable	Unexercisable
Thomas M. Prescott	—	—	—	1,200,000	—	—
Zia Chishti	—	—	645,832	554,168	—	—
Jon Fjeld	—	—	130,407	159,593	\$ 203,397	\$ 203,403
Len M. Hedge	—	—	60,521	61,147	113,102	8,702
Amir Abolfathi	49,166	\$ 223,705	33,325	67,509	54,082	65,886
David S. Thrower	—	—	—	200,000	—	82,000

The number of shares exercisable by each of the Named Executive Officers as of December 31, 2002 is equal to the number of vested option shares exercisable as of that date. In the case of certain of the outstanding options held by the Named Executive Officers, the options may be exercised for all of the underlying option shares but any unvested shares purchased under those options are subject to our right to repurchase the shares at the shares' option exercise price. The unvested option shares subject to those options are included in the above table in the number of option shares that are unexercisable as of December 31, 2002.

Employment Contracts and Termination of Employment and Change in Control Arrangements

Employment Contracts

(i) Employment Agreement with Thomas M. Prescott

On March 27, 2002, we hired Thomas M. Prescott as our President and Chief Executive Officer and entered into an Employment Agreement with Mr. Prescott in connection with his new position. Under the terms of the Employment Agreement and as consideration for his duties as President and Chief Executive Officer, we agreed to pay Mr. Prescott a base salary of \$350,000 per year, plus an annual bonus of up to 50% of his base salary based on the attainment of performance objectives subsequently agreed upon and established by our Board of Directors and Mr. Prescott. In addition, we granted Mr. Prescott an option to purchase 1,200,000 shares of our Common Stock that will vest during his employment over a four-year period, with 25% of the underlying shares vesting upon the first anniversary of his start date and the remainder vesting in equal monthly installments over the remaining three-year period. In the event of a Change of Control (as defined in the agreement), Mr. Prescott shall immediately vest in 50% of the then unvested portion of the option. We also agreed that upon a termination of Mr. Prescott's employment by us or him as a result of his incapacity, by us for reasons other than for Cause (as defined in the agreement), or by him for Good Reason (as defined in the agreement), we would pay Mr. Prescott severance benefits including 12 monthly payments equal in the aggregate to one year of his base salary, 12 months of additional vesting of the shares underlying his option as of the date of his termination, plus pay for his health insurance coverage at the same level he received while an officer of Align during the 12 months following his termination for as long as he remains eligible for such coverage.

(ii) Employment Agreements with Executive Officers

In fiscal 2002, we entered into Employment Agreements with each of Eldon M. Bullington, our Chief Financial Officer and Vice President of Finance, Roger E. George, our Vice President of Legal Affairs, General Counsel and Corporate Secretary, David S. Thrower, our Vice President of Global Marketing, Jon Fjeld, our Vice President of Technology, Len M. Hedge, our Vice President of Manufacturing, and Amir Abolfathi, our Vice President of Research and Development. Each Employment Agreement provides that each executive is entitled to receive a specified salary and a target bonus of 30% of the applicable salary. The target bonus is contingent upon the attainment by the executive of specified performance objectives and his being employed by Align at the time

the bonus is to be paid. These executives are also eligible for an annual incentive stock option grant, with 25% of the stock underlying the options to vest after 12 months of continuous service and the remainder to vest in equal installments over the next three years of continuous service. In the event of a termination of an executive's employment without Cause (as defined in the Employment Agreement), such executive will be entitled to (i) the then current year's target bonus, prorated for the number of days the executive has been employed during the year, (ii) one year's base salary and (iii) the greater of the then current year's target bonus or the actual prior year's bonus. In the event of a Change of Control (as defined in the Employment Agreement), (i) the executive will immediately vest in options representing an additional 12 months of service and (ii) if within 12 months of a Change of Control either (a) the executive's employment is terminated without Cause or (b) the executive resigns for Good Reason (as defined in the Employment Agreement), the executive will immediately vest in all outstanding options and be entitled to (x) the then current year's target bonus prorated for the number of days the executive has been employed during the year, (y) one year's base salary and (z) the greater of the then current year's target bonus or the actual prior year's bonus.

Termination of Employment and Change in Control Arrangements

(i) Promissory Notes

In November 2000, each of Messrs. Hedge and Abolfathi delivered full-recourse promissory notes to Align in payment of the exercise price of outstanding stock options each held under our 1997 Stock Incentive Plan. The aggregate principal amount secured under the notes and the number of shares underlying the options are as follows: Hedge—\$211,540, 242,338 shares and Abolfathi—\$174,375, 163,732 shares. Each note is due May 2004 and bears interest at a rate of 9.5% per annum, compounded annually. Each note is secured by pledges of the purchased shares to us and pledges of collateral which, together with the shares, have a value of twice the principal amount of each note. The shares and collateral underlying the pledges will be released from the pledges only upon the entire payment or prepayment of the principal balance of each note, together with payment of all accrued interest on the principal amount so paid or prepaid. Accrued interest becomes due on each anniversary of the signing of each note and the principal balance will become due and payable in one lump sum in May 2004. However, the entire unpaid balances of the notes will become due and payable upon termination of employment, failure to pay any installment of principal or interest when due, the insolvency of the maker of the notes, or in the event we are acquired and receive cash or freely tradable securities for our shares in the acquisition. None of the shares serving as security for the notes may be sold unless the principal portion of the note attributable to those shares, together with the accrued interest on that principal portion, is paid to us.

In June 2002, Align received a promissory note from Zia Chishti pursuant to which Align loaned \$200,000 to Mr. Chishti to facilitate his exercise of an option for shares of Align Common Stock. This promissory note is secured by a Stock Pledge Agreement and bears interest at a rate of 3.21% per annum. The principal and accrued interest under the promissory note becomes payable in full to Align in June 2004. However, the entire unpaid balance of the note will become due and payable upon termination for cause of Mr. Chishti's consulting engagement with us pursuant to the Transition, Consulting and Separation Agreement, failure to pay any installment of principal or interest when due, or his insolvency. None of the shares serving as security for the notes may be sold unless the principal portion of the note attributable to those shares, together with the accrued interest on that principal portion, is paid to Align.

(ii) Transition, Consulting and Separation Agreement with Zia Chishti

In March 2002, Mr. Chishti resigned as Align's Chief Executive Officer. In connection with his resignation, we entered into a Transition, Consulting and Separation Agreement with Mr. Chishti. Pursuant to this agreement, Mr. Chishti provided Align with CEO transition assistance for six months and is required to provide consulting services for a period of up to four years following the date of his resignation. As consideration for his services, Align agreed to pay Mr. Chishti a monthly retainer of \$25,000 for the first two years of his consulting arrangement, and \$16,667 for the second two years of his consulting arrangement, plus pay for his health insurance coverage at the same level he received while an officer of Align during his consulting arrangement for as long as he remains eligible for such coverage. On February 8, 2002, the Board of Directors granted

[Table of Contents](#)

Mr. Chishti a nonstatutory option to purchase 200,000 shares of our Common Stock. This new option will vest on a monthly basis at the rate of one-twelfth of the underlying shares for as long as Mr. Chishti remains a consultant to us. Mr. Chishti's option granted on January 4, 2001 to purchase 1,000,000 shares of our Common Stock at an exercise price of \$15.00 per share will also continue to vest for as long as Mr. Chishti remains a consultant to Align. Mr. Chishti resigned from Align's Board of Directors on March 23, 2003. Mr. Chishti's resignation from the Board of Directors does not affect his or Align's rights or obligations under the Transition, Consulting and Separation Agreement or Mr. Chishti's options.

(iii) Option Agreement with Thomas M. Prescott

Pursuant to the option agreement described in the section entitled "Employment Contracts and Termination of Employment and Change in Control Arrangements" beginning on page 14 of this Proxy Statement, in the event of a Change of Control (as defined in the agreement), Mr. Prescott will immediately vest in 50% of the previously unvested portion of the option. We also agreed that upon a termination of Mr. Prescott's employment by us or him as a result of his incapacity, by us for reasons other than for Cause (as defined in the agreement), or by him for Good Reason (as defined in the agreement), we would pay Mr. Prescott severance benefits including 12 equal monthly payments equal in the aggregate to one year of his base salary, 12 months of additional vesting of his option as of the date of his termination, plus pay for his health insurance coverage at the same level he received while an officer of Align during the 12 months following his termination for as long as he remains eligible for such coverage.

(iv) Option Agreements with Executives

Pursuant to the Employment Agreements described in the section entitled "Employment Contracts and Termination of Employment and Change in Control Arrangements" beginning on page 14 of this Proxy Statement, in the event of a Change of Control (as defined in the Employment Agreement), the executives will immediately vest in options representing an additional 12 months of service. If within 12 months of a Change of Control either (a) the executive's employment is terminated without Cause or (b) the executive resigns for Good Reason (as defined in the Employment Agreement), the executive will immediately vest in all outstanding options.

(v) Options Under the 1997 Stock Incentive Plan

Options granted to our executive officers under Align's 1997 Stock Incentive Plan become fully vested and exercisable in the event of an involuntary termination of the executive's employment within 12 months of a merger or asset sale. In addition, the Compensation Committee of the Board of Directors has the authority as Plan Administrator of the 2001 Stock Incentive Plan to provide for the accelerated vesting of the shares of Common Stock subject to outstanding options held by the Chief Executive Officer and Align's other executive officers, whether granted under that plan or any predecessor plan, in the event their employment were to be terminated (whether involuntarily or through a forced resignation) following (i) an acquisition of Align by merger or asset sale, (ii) a change in ownership of more than 50% of our outstanding Common Stock or (iii) a change in the majority of the Board of Directors as a result of one or more contested elections for Board of Directors membership. The Compensation Committee also has the authority under the 2001 Stock Incentive Plan to accelerate the vesting of outstanding options immediately upon such acquisition or change in ownership or majority of the Board.

We currently have no other employment contracts with any of our Named Executive Officers, and we have no other compensatory plan or arrangement with any of our Named Executive Officers where the amount to be paid exceeds \$100,000 and which are activated upon resignation, termination or retirement of any such Named Executive Officer either in conjunction with or in the absence of a change in control of Align.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

Notwithstanding any statement to the contrary in any of our previous or future filings with the Securities and Exchange Commission, this Report of the Compensation Committee of the Board of Directors on Executive Compensation shall not be deemed “filed” with the Commission or “soliciting material” under the Securities Exchange Act of 1934, as amended, and shall not be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that Align Technology, Inc. specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

The Compensation Committee of the Board of Directors sets the compensation of the Chief Executive Officer, reviews the design, administration and effectiveness of our compensation programs for other key executives and approves stock option grants for all executive officers. The Compensation Committee is composed entirely of non-employee directors.

General Compensation Policies

We compete in an aggressive and dynamic industry and, as a result, hiring and retaining quality employees, particularly senior managers, are key factors to our success. We believe that the compensation programs should be designed to attract, motivate, and retain a highly qualified executive management team and should be determined within a competitive framework based on the achievement of designated financial targets, individual contribution, customer satisfaction and financial performance.

Within this overall philosophy, our objectives are:

- To link executive compensation to Align’s financial performance and to a lesser extent to individual management objectives established by the Compensation Committee;
- To compensate executive management competitively with similarly situated companies; and
- To create incentives which strengthen the mutuality of interests between the executive officers and stockholders by providing significant equity-based, long-term incentives.

Compensation Components

Cash Compensation

We seek to provide cash compensation to our executive officers, including base salary and cash bonuses, at levels that are commensurate with cash compensation of executives with comparable responsibility at similarly situated companies. Annual increases in base salary are determined on an individual basis through an assessment of market data and a review of the executive officer’s performance and contribution to various individual, departmental, and corporate objectives. Cash bonuses are intended to provide additional incentives to achieve such objectives.

Long-Term, Equity-Based Incentive Awards

The goal of Align’s long-term, equity-based incentive awards is to align the interests of each executive officer with those of the stockholders and provide each executive officer with a significant incentive to manage Align from the perspective of an owner with an equity stake in the business. Stock options are a particularly strong incentive because they are valuable to employees only if the fair market value of our Common Stock increases above the exercise price. In addition, employees must remain employed by us for a fixed period of time in order for the options to vest fully. Options generally vest over a 48-month period to encourage option holders

[Table of Contents](#)

to continue in our employ. The size of the option grant to each executive officer is designed to create a meaningful opportunity for stock ownership and is based upon the executive officer's current position with Align, internal comparability with option grants made to other Align executives, the executive officer's current level of performance and the executive officer's potential for future responsibility and promotion over the option term. The Compensation Committee also takes into account the number of vested and unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual.

All of the options granted in the year ended December 31, 2002 were approved by the full Board of Directors based on recommendations of the Compensation Committee.

Chief Executive Officer Compensation

Upon the recommendation of the Compensation Committee, the Board of Directors determined the compensation paid to Mr. Prescott, Align's President and Chief Executive Officer, during the fiscal year ended December 31, 2002. Mr. Prescott's base salary was set at a level negotiated with Mr. Prescott in connection with his joining Align and one that the Compensation Committee concluded would be competitive with the base salary levels in effect for chief executive officers at similarly situated companies within the industry. During fiscal 2002, Mr. Prescott's base annual salary was \$350,000.

Based on an understanding of relevant compensation information, the Compensation Committee determined that the cash compensation paid to our Chief Executive Officer in fiscal 2002 is reasonable in relation to amounts paid to chief executive officers with similar responsibilities at similarly situated companies.

TAX DEDUCTIBILITY OF EXECUTIVE COMPENSATION

Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers, to the extent that compensation exceeds \$1 million per covered officer in any year. The limitation applies only to compensation that is not considered to be performance-based. The non-performance based compensation paid in cash to Align's executive officers for fiscal 2002 did not exceed the \$1 million limit per executive officer, and the Compensation Committee does not anticipate that the non-performance based compensation to be paid in cash to Align's executive officers for fiscal 2003 will exceed that limit. Align's 2001 Stock Incentive Plan has been structured so that any compensation deemed paid in connection with the exercise of option grants made under that plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation, and therefore will not be subject to the \$1 million limitation. Because it is unlikely that the cash compensation payable to any of Align's executive officers in the foreseeable future will approach the \$1 million limit, the Compensation Committee has decided at this time not to take any action to limit or restructure the elements of cash compensation payable to Align's executive officers. The Compensation Committee will reconsider this decision should the individual cash compensation of the other executive officers approach the \$1 million level.

It is the opinion of the Compensation Committee that the executive compensation policies and plans provide the necessary total remuneration program to properly align our performance and the interests of our stockholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long-term.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Notwithstanding any statement to the contrary in any of our previous or future filings with the Securities and Exchange Commission, this Report by the Audit Committee of the Board of Directors shall not be deemed “filed” with the Commission or “Soliciting” Material” under the Securities Exchange Act of 1934, as amended, and shall not be deemed to be incorporated by reference by any general statement incorporating this Proxy Statement by reference into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that Align Technology, Inc. specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

The following is the report of the Audit Committee of the Board of Directors with respect to Align’s audited financial statements for the fiscal year ended December 31, 2002, which include the consolidated balance sheets of Align as of December 31, 2002 and 2001, and the related consolidated statements of operations, stockholders’ equity and cash flows for each of the three years in the period ended December 31, 2002, and the notes thereto.

In accordance with the written charter adopted by the Board of Directors of Align, the Audit Committee assists the Board of Directors in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of Align. The Audit Committee recommended to the Board of Directors, subject to stockholder approval, the selection of PricewaterhouseCoopers LLP as Align’s independent accountants.

Management is responsible for Align’s internal controls. Align’s independent auditors are responsible for performing an independent audit of Align’s consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee has general oversight responsibility with respect to Align’s financial reporting, and reviews the results and scope of the audit and other services provided by Align’s independent auditors.

In this context, the Audit Committee has met and held discussions with management and Align’s independent auditors. Management represented to the Audit Committee that Align’s consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and Align’s independent auditors. The Audit Committee discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Before selecting PricewaterhouseCoopers LLP, the Audit Committee carefully considered PricewaterhouseCoopers LLP’s qualifications as independent accountants. This included a review of the qualifications of the engagement team, the quality control procedures the firm has established, as well as its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee’s review also included matters to be considered under the SEC’s rules regarding auditor independence, including the nature and extent of non-audit services, to ensure that the accountants’ independence will not be impaired. The Audit Committee also discussed, with the independent auditors, matters relating to their independence from Align and its management, including a review of audit and non-audit fees. The Audit Committee also received the written disclosures and letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Audit Committee expressed its satisfaction with PricewaterhouseCoopers LLP in all of these respects. The Audit Committee of our Board of Directors has determined that the provision of services by PricewaterhouseCoopers LLP for non-audit related services is compatible with maintaining the independence of PricewaterhouseCoopers LLP as our independent accountants.

Financial Information Systems Design and Implementation Fees.

Align did not engage PricewaterhouseCoopers LLP to advise Align regarding financial information systems design and implementation during fiscal 2002.

All Other Fees

Aggregate fees for all other services billed to Align by PricewaterhouseCoopers LLP during fiscal 2002 were \$378,523. Based upon the Audit Committee's discussion with management and the independent auditors and the Audit Committee's review of the representations of management and the report of the independent accountants to the Audit Committee, the Audit Committee recommended that the Board of Directors include Align's audited consolidated financial statements in Align's Annual Report on Form 10-K for the year ended December 31, 2002, which was filed with the Securities and Exchange Commission on March 27, 2003.
